WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

TANTIVE IV™
STAR WARS

**DO NOT TEAR
THIS SHIP APART**

For many fans, the *Tantive IV™* was the very first *Star Wars* starship we ever saw, in the opening scene of *A New Hope*. Under the guise of an ambassadorial mission, the CR90 Corellian corvette, relatively insignificant in size and immediately dwarfed by the pursuing *Devastator* Star Destroyer, secretly carries passengers and intelligence vital to the Rebel Alliance. By the time Darth Vader threatens to tear the ship apart, we're already rooting for the underdogs to win. And what a journey this Rebel crew has taken us on. In celebration of 25 years of LEGO® *Star Wars™*, we're launching this model as part of our new Starship Collection – a series of highly detailed display models, perfectly sized for your shelf or desk.

Jens Frederiksen

LE TANTIVE IV™ STAR WARS

NE METTEZ PAS CE VAISSEAU EN PIÈCES

Aperçu dans la scène d'ouverture d'*Un nouvel espoir*, le *Tantive IV*™ est le premier vaisseau de *Star Wars* pour de nombreux amateurs. Sous le couvert d'une mission diplomatique, la corvette corellienne CR90, de taille relativement insignifiante et immédiatement éclipsée par le Destroyer stellaire *Devastator* qui la poursuit, transporte secrètement des passagers et des informations vitales pour l'Alliance rebelle. Alors que Darth Vader entreprend de fouiller le vaisseau de fond en comble, nous souhaitons déjà la victoire des Rebelles. Et quelle aventure nous a fait vivre cette bande de Rebelles ! Pour célébrer les 25 ans de LEGO® *Star Wars*™, nous lançons ce modèle dans la nouvelle Collection de vaisseaux, une série de modèles à exposer très détaillés et parfaitement dimensionnés pour votre étagère ou votre bureau.

Jens Kronvold Frederiksen
Directeur de la création, LEGO® *Star Wars*™

TANTIVE IV™ STAR WARS

REGISTRA ESTA NAVE

Para muchos fans, la *Tantive IV*™, de la escena inicial de *Una Nueva Esperanza*, fue la primera nave de *Star Wars* que vimos. Bajo el señuelo de una misión consular, la corbeta Corelliana CR90, de tamaño relativamente insignificante e inmediatamente reducida por el destructor estelar *Devastador* que sigue sus pasos, transporta en secreto pasajeros e información vital para la Alianza Rebelde. Para cuando Darth Vader amenaza con destruir la nave, ¡todos queremos que el bando desvalido salga victorioso! Y vaya viaje en el que estos rebeldes nos embarcan... Para celebrar los 25 años de LEGO® *Star Wars*™, lanzamos este modelo como parte de nuestra nueva Colección de Naves Espaciales: una serie de detalladísimos modelos de exhibición con el tamaño perfecto para tu estante o escritorio.

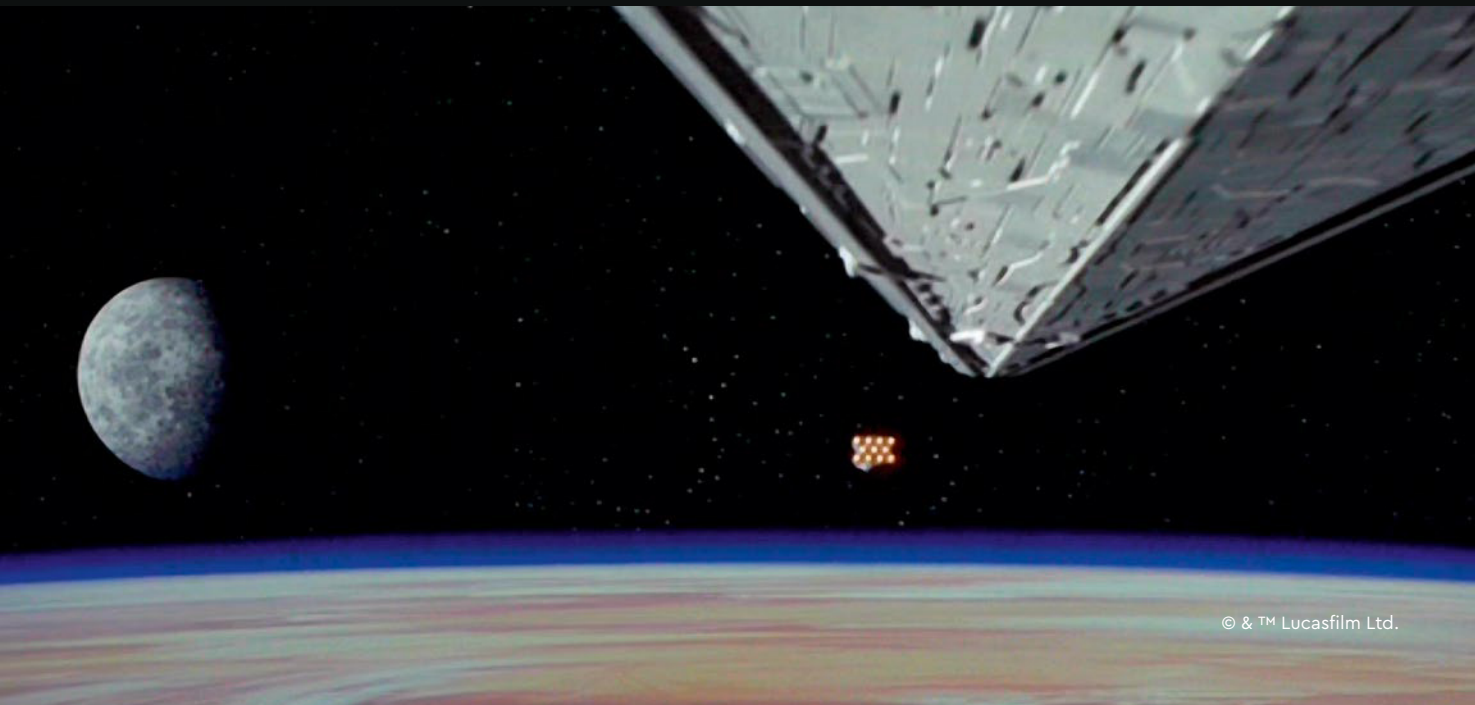

Jens Kronvold Frederiksen
Coordinador creativo, LEGO® *Star Wars*™

ROYALS AND REBELS ROYAUTÉ ET RÉBELLION REALES Y REBELDES

As the saga unfolds, we learn more of the role the *Tantive IV*[™] has played in the Royal House of Alderaan. Acquired by Bail Organa for his diplomatic travels and conferences, he would also use it to escape the attention of Imperial forces while on clandestine missions for the Rebel Alliance. The *Tantive IV* remains Princess Leia's personal starship in the lead-up to the Battle of Yavin. Decades later, during the war between the First Order and the Resistance, it is recommissioned for the climactic Battle of Exegol.

Au fil de la saga, nous en apprenons davantage sur l'importance du *Tantive IV*[™] pour le palais royal d'Alderaan. Bail Organa se le procure pour ses voyages diplomatiques et ses conférences. Il l'utilise plus tard pour échapper aux forces impériales lors de ses missions clandestines pour l'Alliance rebelle. Le *Tantive IV* reste le vaisseau personnel de la princesse Leia jusqu'à la bataille de Yavin. Des décennies plus tard, pendant la guerre entre le Premier Ordre et la Résistance, il est remis en service pour la bataille décisive d'Exegol.

A medida que se desarrolla la saga, conocemos mejor el papel que la *Tantive IV*[™] ha desempeñado en la casa real de Alderaan. Adquirida por Bail Organa para sus conferencias y viajes diplomáticos, también la utilizaría para escapar de la atención de las Fuerzas Imperiales mientras realizaba misiones clandestinas para la Alianza Rebelde. La *Tantive IV* sigue siendo la nave espacial personal de la Princesa Leia en el período previo a la batalla de Yavin. Décadas más tarde, durante la guerra entre la Primera Orden y la Resistencia, vuelve a utilizarse en la culminante batalla de Exegol.

HIGH POWER-TO-MASS RATIO

Manufactured by the Corellian Engineering Corporation, the standard CR90 is roughly 126 meters (413.3 ft.) long with a characteristic drive block of eleven ion turbine engines. Although the *Tantive IV* was not designed for battle, six Taim & Bak H9 turbolasers provide the starship with sufficient defensive and evasion capabilities for most situations. Inspired by its movie counterpart, this model is full of authentic details. (And yes, we left out one starboard-side escape pod!)

UN RAPPORT PUISSANCE/MASSE ÉLEVÉ

Fabriqu  par la Corporation Technique Corellienne, le CR90 standard mesure environ 126 m tres de long et poss de un bloc d'entra nement caract ristique compos  de onze moteurs   turbine ionique. Bien que le *Tantive IV* n'ait pas  t  con u pour le combat, six turbolasers H9 de Taim & Bak lui conf rent des capacit s de d fense et d' vasion suffisantes pour la plupart des situations. Inspir  de son homologue cin matographique, ce mod le regorge de d tails authentiques. (Et oui, nous avons omis une capsule de sauvetage du c t  tribord !)

ELEVADA RELACI N POTENCIA/MASA

Fabricada por la Corporaci n de Energ a Corelliana, la CR90 est ndar, con su caracter stico bloque propulsor de once turbinas i nicas, mide unos 126 m de longitud. Aunque la *Tantive IV* no fue dise ada para la batalla, seis turbol seres Taim & Bak H9 le proporcionan la suficiente capacidad defensiva y de evasi n para la mayor a de las situaciones. Inspirado en su contraparte de la pantalla grande, este modelo est  lleno de detalles de gran autenticidad. (Y s , por si te lo preguntabas,  le falta uno de los pods de escape del lado de estribor!).

Recognize these little 'characters'? As Princess Leia stores the Death Star plans in her faithful R2-D2 unit, a relieved C-3PO catches up with them, and the two droids depart in an escape pod.

Reconnaissez-vous ces petits « personnages » ? Alors que la princesse Leia cache les plans de l'Étoile de la mort dans son fidèle R2-D2, C-3PO, soulagé, les rattrape. Les deux droïdes quittent ensuite dans une capsule de sauvetage.

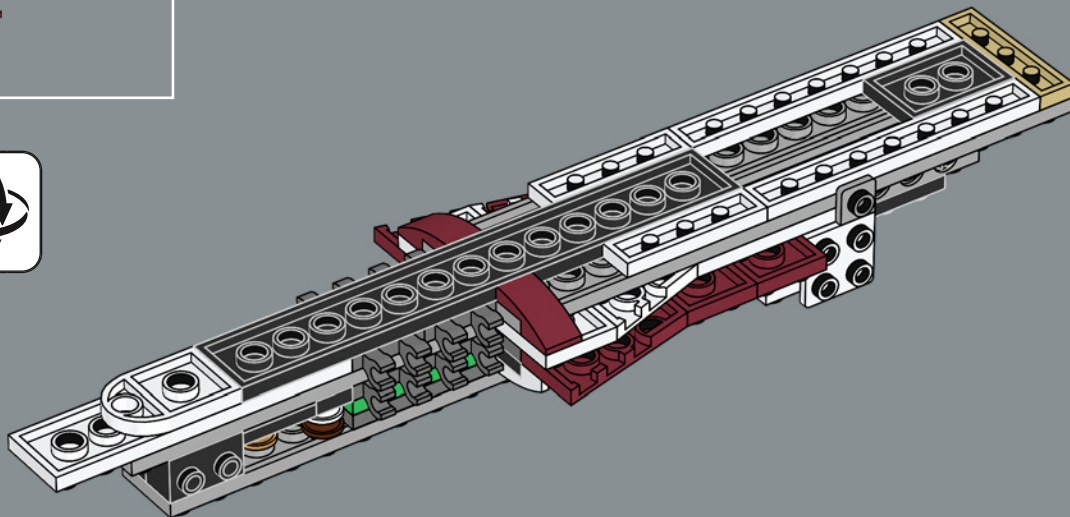

¿Reconoces a estos pequeños "personajes"? Mientras la Princesa Leia guarda los planos de la Estrella de la Muerte en su fiel unidad R2-D2, un aliviado C-3PO los alcanza, y ambos droides parten en un pod de escape.

"Are you sure this thing is safe?" Yes, we're missing an escape pod here. With C-3PO and R2-D2 onboard, it has already departed – without raising the Imperial Star Destroyer captain's suspicions.

« Cet engin n'est pas dangereux, tu es sûr ? » Oui, il manque une capsule de sauvetage. Elle est déjà partie avec C-3PO et R2-D2 à son bord – sans éveiller les soupçons du capitaine du Destroyer stellaire impérial.

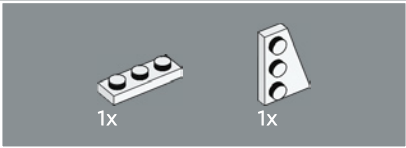

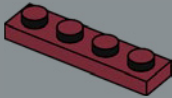

"¿Es segura esta cápsula?". Sí, aquí falta un pod de escape. Con C-3PO y R2-D2 a bordo, este partió sin levantar las sospechas del capitán del destructor estelar imperial.
